### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The prior art of record do not anticipate nor do they reasonably suggest the retainer device for a punch as claimed in claim 1. The closest prior art, Oshita (JP 2001018017), discloses the invention substantially as claimed except for guide grooves or slotted apertures. In that regard, Johnson teaches guide grooves or slotted apertures (e.g. 58 or 78) for the purpose of positively confining the movement of adjustable or locking mounting of the punch. See e.g. Fig. 10. However, Johnson's grooves or slotted apertures do not function to selectively move the punch holding body between the use and non-use positions (e.g. increased or decreased projection) as claimed. Moreover, none of the other prior art of record fairly teach or suggest this feature. Thus, it is believed that the claimed invention with the lacking feature in combination with all the other recited elements is allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles Goodman whose telephone number is (571) 272-4508. The examiner can normally be reached on Monday-Thursday between 7:30 AM to 6:00 PM EST.

Art Unit: 3724

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Allan Shoap, can be reached on (571) 272-4514. In lieu of mailing, it is encouraged that all formal responses be faxed to (703) 872-9306.
